

Squonk

a big hand
for science

workshops

I Hope you come
back! ♥

"I didn't know science could be so funny!" – Jake

"Squonk made us laugh and played good music." – Sophia

"Thank you Squonk. The performance was fun and entertaining!" – Karsyn

"The awesome piano playing made me want to learn how to play." – Antonio

"Thank you for teaching us sign language."

– Jaidyn

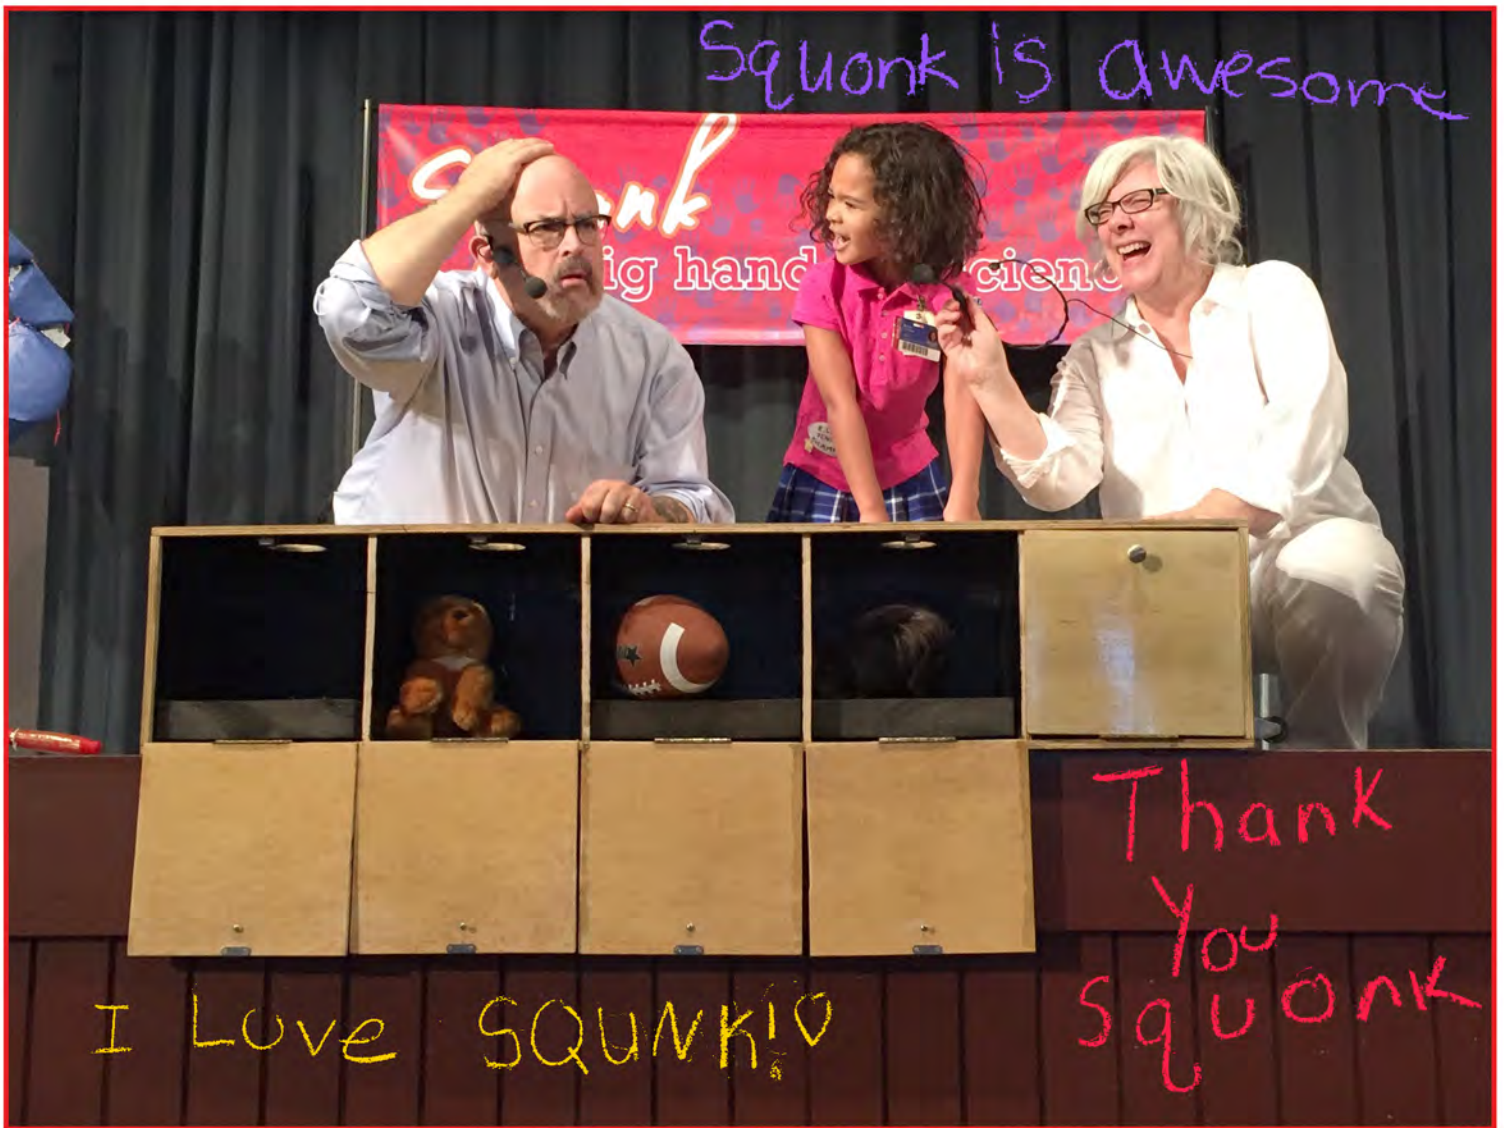

"I never knew the bone structure of animals were so similar, yet so different from humans."

– Landon

"Because of this assembly, one day I would like to be a scientist!"

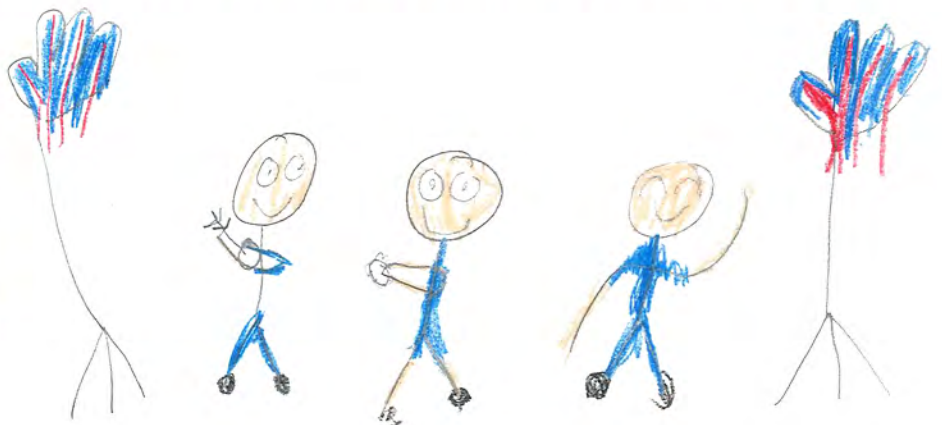

– Camryn

Dear squonk I
loved the show!

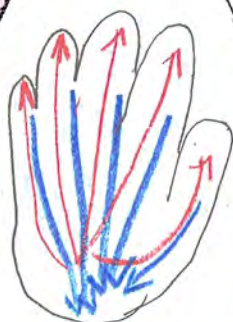

"The students and staff love Squonk! We bring them back every year and they always have a new and innovative STEAM performance that excites and inspires our school. They reinforce our curriculum in a fresh and fun way. We look forward to having them back next year!"

– Kristen Johnson, art teacher, Ben Franklin Elementary

my favorite part was when they showed us how
the hands work.

I LOVE SQUONK
OPERA

"We have been lucky enough to have Squonk Opera come and perform at our school the past two years. Every year the students of all ages (K-5) LOVE it! The performances are always so fun and engaging! The students are intrigued the entire performance – they are always wanting more!! From the props, to the performers, to the lessons being taught, it is all around a smash!! We can't wait to see what they have for us next year!! Thank you, Squonk!"

– Ashlee Honaker, art teacher, Central Elementary

I liked when I went up and got to play music. I also liked when we got to learn sign language, and the music at the end of their performance.

From Kylie

I enjoy when you made his hair fall off.

I Really hope you can come back next year so the new kids get the fun experience

"Bringing the Squonk event to our school this year was really excellent for the kids. The students talked about it for weeks and every single teacher who attended told me how important and fun it was for them. I hope that next year I can plan an art project for every class around the concept of the Squonk event."

– Evan Rumble, art teacher, Arsenal Elementary
